What Is Home Without a Hot Water Bottle

The flexibility of our Hot Water Bottles is remarkable. That is because they are made of the purest, most highly vulcanized rubber with all its stretchy qualities retained. Rubber too soft easily tears; Rubber too hard is brittle. Rubber JUST RIGHT lasts a long, long time. The very best quality goes into our Hot Water Bottles. There should never be a home without one. Buy it now.

READY TO FIGHT LIFE'S BATTLES

The men and women who win life's battles are physically and mentally right. They take care of themselves and make sure that their blood is charged with life-giving iron and their nerves fed with phosphates.

The foremost doctors all over the world are depending more and more on iron and phosphates to rebuild run-down, overworked men and women, old before their time.

They claim that the healthy, strong, successful men and happy, rosy-cheeked women always have an abundance of Phosphated Iron in their blood; that it is the secret of good health.

Every man and woman can be made strong, keen, healthy and alert, enjoying life's pleasures, if they will renew their blood with iron and phosphates.

Phosphated Iron makes new, rich, red blood, strengthens the nerves, and often increases the strength and vitality of its users 100 per cent. Thousands of men and women "all-in" and worn out have experienced a most astonishing increase of strength and endurance in a very short time by simply taking Phosphated Iron.

Phosphated Iron is put up in capsules only. Do not take inferior pills or tablets. Ask for Phosphated Iron Capsules. For sale by E. A. Drown, the druggist, and leading druggists everywhere.

DIZZY SPELLS AND HEADACHES CAUSED MONTHS OF MISERY

Connecticut Resident Finds Dr. Williams' Pink Pills Just the Remedy She Needed.

After an operation or a long illness during which the blood is weakened, the general health is almost sure to suffer. As long as the blood is weak and thin there will be digestive disturbance, sleeplessness, fainting spells and headaches. It is important therefore to find a tonic that will restore the needed qualities to the blood before health is possible. The experience of Mrs. Emma McMahon of No. 1220 Barnum avenue, Bridgeport, Conn., may save many others from continued suffering if they follow her example. She says:

"I underwent an operation some time ago and was in the hospital for four weeks. After leaving the hospital I expected that it would be a matter of only a short time before I should be fully recovered. My disappointment was very great when I found that I did not regain my strength. I was very nervous and after a meal my stomach felt like a lead weight. I was always tired and suffered from gas and other stomach distress. I couldn't sleep well at night and had frequent dizzy spells and nervous headaches.

"After I had tried several prescriptions I resolved to give Dr. Williams' Pink Pills a trial. There was a noticeable improvement after the first box and soon I gained so much strength that I was able to eat without resulting stomach trouble. The nervousness became less severe and gradually disappeared. I sleep well now, have gained weight and strength and feel years younger. Dr. Williams' Pink Pills proved a great boon to me, and I urge others in need of a tonic to give them a trial."

Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., 60 cents per box. Write for free booklet, "Diseases of the Nervous System."—Adv.
